

Gyrofocus

1968

DESIGN: DOMINIQUE IMBERT

With its singular style and hearth that rotates 360°, the Gyrofocus has earned its place as an icon of contemporary design alongside the most legendary names in furniture and interior design.

Focus's flagship model, the Gyrofocus was voted the "Most Beautiful Object in the World" in an Italian design competition and has been exhibited at the Guggenheim Museum in New York.

2021 WOOD ECODESIGN

The wood-burning Gyrofocus was reissued in 2021 in a closed glass-fronted version with excellent energy and environmental performance. Its two sliding glass panels offer an unobstructed view of the fire. Winner of a number of international awards, this model has also received a mention for sustainability at the "Archiproducts Design Awards".
