

Bathyscafocus

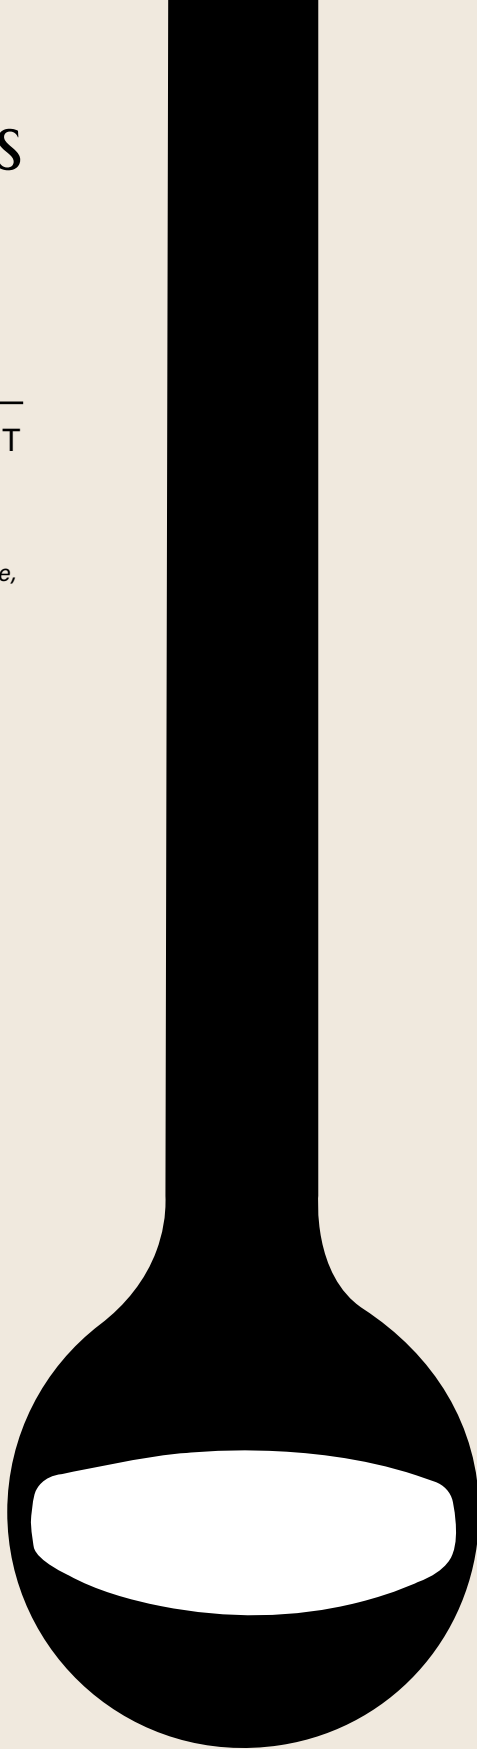

& Emifocus

1978

DESIGN: DOMINIQUE IMBERT

Taking its name from a deep-sea submersible, the spherical, suspended Bathyscafocus is evocative of underwater exploration.

Its rounded, compact design is as resolutely contemporary as ever.

CREATE BEYOND CONVENTION

Bathyscafocus

WITH PORTHOLE

wood-burning (Ecodesign)

The closed Bathyscafocus with porthole boasts exceptional energy efficiency and high environmental performance. The heat-resistant safety glass offers an unimpeded view of the fire.
