

Slimfocus

2015

DESIGN: DOMINIQUE IMBERT

Minimalist in design, the Slimfocus represents the purest expression of fire. This model stands out for its streamlined style and remarkably compact form. It is available as a wood-burning or gas version, with either a conventional flue or balanced flue, and is designed for low-energy homes.

gas

The Slimfocus gas fire fuses elegant contemporary design with effortless simplicity and ease of use. The gas is supplied through the base without compromising its streamlined design, while offering all the advantages of a gas fire. Flame intensity and heat are controlled at the touch of a button via remote control.

Fully compatible with natural gas, propane or biogas from energy providers, the gas Slimfocus is stylish, convenient and eco-friendly.
