

Gyrofocus

1968

DESIGN: DOMINIQUE IMBERT

With its singular style and hearth that rotates 360°, the Gyrofocus has earned its place as an icon of contemporary design alongside the most legendary names in furniture and interior design.

Focus's flagship model, the Gyrofocus was voted the "Most Beautiful Object in the World" in an Italian design competition and has been exhibited at the Guggenheim Museum in New York.

2020 GAS

The Gyrofocus is now also available in a gas version, operated by remote control. At the touch of a button, the fire can be lit, the flame intensity and heat adjusted, or a programme set for controlled, constant, comfortable heat.
